

## STAFF IMMUNITY TO MEASLES, MUMPS AND RUBELLA WORKSHEET

**\*REQUIRED ONLY FOR PROGRAMS REGULATED BY EEC\***

Please fill in the first box with the total number of staff at your facility regardless of immunity. Complete the worksheet by recording the initials and date of birth for each staff member in the appropriate section, then place a checkmark in the column corresponding to their documented immunity. Each staff member should only be counted **once** and have only **one** corresponding checkmark. At the end of each section total the number of staff with documented immunity and enter these numbers to the corresponding questions in your online survey.

Total Number of Staff:

ACCEPTABLE DOCUMENTATION OF IMMUNITY <sup>1</sup>				
Staff Member Initials and Date of Birth	2 or more doses of MMR or measles- containing vaccine	1 dose of MMR <u>and</u> laboratory evidence of immunity to measles	1 dose of MMR	Laboratory evidence of immunity to measles, <u>mumps and rubella</u>
<b>Staff born <u>before</u> 1957 in the U.S.</b>				
<b>Total:</b>				
<b>Staff born <u>in or after</u> 1957</b>				
<b>Total:</b>				
<b>Staff born <u>before</u> 1957 outside the U.S.</b>				
<b>Total:</b>				

<sup>1</sup> Immunity to measles, mumps and rubella includes individuals who: a) have received at least two doses of MMR (or 2 doses of a measles-containing vaccine and 1 dose each of mumps and rubella); b) have laboratory evidence of immunity; c) were born before 1957 *in the U.S.*; or 4) were born before 1957 *outside the U.S.* and received at least one dose of MMR.
